INFORMATION AND MANAGEMENT SUPPORT STAFF  
WEEKLY REPORT FOR PERIOD ENDING 28 DECEMBER 1983

1. Progress Report on Tasks Assigned by the DCI/DDCI:

No tasks assigned during this reporting period.

2. Items or Events of Major Interest that have Occurred During the Preceding Week:

a. LIMS - A memo dated 27 December was forwarded to [redacted] Chief, Logistics Systems Division, ODP, in which OL's concerns in the following four areas were recorded:

(1) How will LIMS interface with the Wang Alliance System?

(2) What is being done to improve data transmission links [redacted]

(3) What is ODP doing to ensure that GIMS will be able to accommodate LIMS and still meet response-time requirements?

(4) LIMS will, for the most part, be a paperless system. What is being done to guarantee its availability full-time?

[redacted] has been asked to provide an early response addressing these concerns.

b. Regulations

[redacted] Electronic Information Processing System Security - Concurred with minor recommendations.

[redacted] Approval, Certification, and Documentation of Disbursements, Drafts B - Concurred with minor recommendations.

[redacted] CIA Intelligence and Operational Relationships with U.S. Business Organizations - Concurred.

[redacted] Foreign Travel and Assignments - Concurred.

WEEKLY STATUS REPORT  
Week of 19 to 23 December 1983

I. Major Activities During the Past Week:

None to report.

II. General Items:

None to report.

III. Problems:

A. Support to OL:

FARS (Federal Automated Requisitioning System). The communications link between FARS and DATEX still has not been resolved. At this time DATEX can send to FARS but FARS is still unable to send to DATEX. FARS has been punching cards then mailing them to DATEX since Monday and will continue to do so until this problem is resolved.

IV. Upcoming Events:

None to report.
